

ZARQ

THE TYPOGRAPHIC SIGNATURE

Set in high-contrast optical serifs. The geometric tail of the italic Q serves as the definitive point of tension and brand memory.

04 EDITORIAL TYPOGRAPHY

DISPLAY LARGE (INSTRUMENT SERIF REGULAR - 64PX)

Precision engineered, thoughtfully crafted.

SUB-DISPLAY ITALIC (INSTRUMENT SERIF ITALIC - 36PX)

The architectural synthesis of microprocessors and minimalism.

BODY TEXT (GEIST REGULAR - 15PX)

We believe tech should feel heavy with intent yet light in execution. Every physical component is carved from monolithic raw materials, housing high-precision computation designed to seamlessly augment the architectural spaces they inhabit.

MONO / SPECIFICATIONS (GEIST MONO - 12PX)

- CLOCK_SPEED: 4.8 GHZ OPTIMIZED
- HOUSING: BEAD-BLASTED ALUMINUM
- CALIBER: ZARQ-Q1 ARCHITECTURE

SIGNATURE INTEGRITY RULES

Clearspace Boundary

Maintain clearspace equal to 50% of the Wordmark's total height around all sides. No geometric shapes, grids, or typography should encroach inside this buffer.

Prohibited Use

Never skew, drop-shadow, or color-gradient the primary mark. The identity relies strictly on razor-sharp, flat precision values.
